

Comeau Aerospace Inc. - Vision

If

there

is only

one idea

that defines

the future and

Comeau Aerospace Inc.,

*is unified common purpose
dedicated to design, build and
fly the ultimate flying machine.*

*We will, in a moment of time express
and share our energy and enthusiasm with
ideals and values of our super jet stream vision.*

*Ultimate performance in aerospace technology begins
with unlimited brilliant engineering imagination, built with
powerful mission tasking integrity to redefine state of the art.*

*We aim high at the challenge of flight and business, with the freedom
of positive, constructive thought enabling and encouraging people to reach
their ultimate potential, as We believe that their greatest work is yet to be done.*

*Converging awesome research and development programs, utilizing advanced
manufacturing technologies, integrating every possible strategic advantage, to generate
absolute structural and operational design and performance characteristics, made possible
with brilliant technical genius of creative people, We will make the ultimate flying machine a reality.*

*Our confidence, trust and resolution to succeed is our trademark. Our innovative and industrious work
ethic will enable greater productivity, profitability and long term success. Responsibility is to our customers,
personnel, investors, pilots and the enthusiastic and energetic people who work to make their dreams a reality.
We will emphasize 'Made In Canada' every step of the way. Believe it, you can fly with ultimate performance!*

We challenge You, as We challenge ourselves.

Live the ultimate flying machine adventure.

Forever yours, Michael Comeau, CEO
